Letter of Support: Town of Hardwick Pedestrian Bridge RBDG Application

To Whom It May Concern:

We [Business/Organization] support the Town of Hardwick in their RBDG Program application to help support the replacement for the pedestrian bridge located in the center of downtown Hardwick. [Please describe why you support the pedestrian bridge replacement---economic and job impacts are the most critical to this grant, but other things are good as well, whenever possible, \$ figures and number of jobs, etc are preferred and requested].

[Please describe the negative overall ramifications of not having the pedestrian bridge].

Sincerely,
[Name and Title]
