5:36 P.M. Select Board Chair, Eric Remick, called the Bayley Hazen Road Public Hearing to order.

5:36 P.M. Eric indicated that there was a site visit today at 4:30 P.M. to indicate the new layout.

Michael asked what the point of straightening the road is. Eric responded that if someone is going down Bayley Hazen Rd. heading towards Route 16, it can be hard to make a right-hand turn. Not only that, but if you're turning left; it's hard to look to see if cars are coming from the right. The proposal is to make that road a T so that it is clear to look both directions and it's easy to turn both directions. At this point, delivery trucks refuse to go onto that road, so straightening this road, will also make it easier for them. There was an owner that requested this change, and during the on-site visit earlier today, there was support from other neighbors.

Ceilidh mentioned that she's also been driving this road all her life and is in full support of making it safer.

5:42 P.M. With no further comments from anyone, Select Board Chair, Eric Remick, adjourned the Public Hearing
