All in favor except Chip abstained because he was not there.

Public Comment

No public in attendance.

Training feedback

Chip - Thought it was good.

Brad - Got good feedback from percipient who asked for a second event.

David - Nice training and good turnout. Some was repeat and some material went by a little fast.

Not many town officials - maybe special training geared more for them next year.

Retreat planning

Move to 20th or 27th of August. David will text Ceilidh and see what date works better for her.

Brainstorm for agenda: Finish discussing How to be an Antiracist, work on the Assessment Tool, plan the year's trainings, recruiting, guest speaker, Chip was interested in talking about some of the bills that went through this year and might relate to our work.

Assessment tool

David read through the draft tool he made. Lucian thought it might make sense to explicitly ask where the money is going. Lucian will follow up with Barre to see how implementation is going. David & Lucian will get together and make another draft.
