

LVRT REGIONAL AMENITIES Scoping Study

Conceptual Alternatives Presentation

Please join us for the second round of public meetings for the LVRT Regional Amenities Scoping Study. Come share your concerns with the available access and amenities supporting the LVRT in the NEK communities and your ideas for improving connectivity for all trail users to the town resources in St. Johnsbury, Danville, Cabot, Walden, Greensboro, and Hardwick. Two separate meetings will be held to allow in-depth conversations for each town. Please visit the Regional Amenities Scoping Study section on the following website for additional resources and a public comment survey.
