

TOWN OF HARDWICK

LOCAL CONCERNS MEETING

Mill Street and Main Street (to the Swinging Bridge crosswalk) Pedestrian and Traffic Study

The Town of Hardwick is conducting a scoping and feasibility study to explore improvements to sidewalks, crosswalks, and traffic flow on Mill Street and Main Street. Your input is needed to help identify safety concerns and potential solutions.

The Town is working with consultants from VHB to evaluate current conditions and gather community feedback. This work builds on five years of Planning Commission efforts to improve downtown walkability and circulation.

We Want to Hear From You

This is your opportunity to share concerns, observations, and suggestions for the Mill Street and Main Street corridor. Whether you walk, bike, drive, or own a business downtown, your feedback will help shape safer and more connected streets for everyone.

Your voice matters. Help us create a more walkable, welcoming Hardwick.
