SECTION II

Eligibility Recommendation

- ☐ Does **NOT** meet the Criteria for Evaluation and is NOT eligible for the State/National Register of Historic Places
- ☒ **Meets** the Criteria for Evaluation and is eligible for the State/National Register of Historic Places

Number of Resources:

Building 1 Structure _____ Site _____ Object _____

Evaluated under:

- ☒ Criterion A: Event ☒ Criterion C: Design/Construction
☐ Criterion B: Person ☐ Criterion D: Information Potential

Criteria Considerations: _____

Integrity: ☒ Setting ☒ Location ☒ Design ☒ Materials ☒ Workmanship ☒ Feeling ☒ Association

Period of Significance: 1944 - 1975

Level of Significance: ☐ Local ☒ State ☐ National

Justification for Eligibility Recommendation: The Hardwick Steel Arch Rib Utility Building appears to be NR/SR eligible because of its direct association with the intense mobilization effort undertaken by the U.S. Navy in the lead up to and during the Second World War and because it is a generally well preserved example of a standard design U.S. Navy Steel Arch Rib Utility Building. A larger version of the WW2 Quonset Hut, the Utility Building is a rare survivor of a once very common and recognizable property type.

SECTION III

Required Attachments:

- ☒ Survey or Inventory Form (VARI, cemetery, culvert, bridge, landscape, VAI)
- ☒ Recent photographs of the property showing exterior views of each elevation; overall views of the property and the surrounding context. If available, include copies of historic views as well. For a historic district, include streetscape views showing how the properties relate to each other.
- ☒ Map showing the location of the property in relation to streets, intersections, or widely recognized features. For a historic district, include an approximate boundary showing the extent of the district.

Please email this form and all required attachments to:
