

# Hardwick Municipal Plan Update – Community Survey

## Hardwick Municipal Plan Update – Community Survey

*Your voice matters.*

The Town of Hardwick is updating its Municipal Plan — a document that helps guide local decisions about land use, housing, infrastructure, flood resilience, food security, and community priorities over the next eight years. This update is being led by the Hardwick Planning Commission, with support from Town staff.

This survey is one way for residents, workers, business owners, and others connected to Hardwick to share what matters most to them. There are no right or wrong answers. We are interested in hearing a wide range of perspectives.

### Why this matters

- The Municipal Plan helps set local goals and priorities
- It is used to guide Town decisions and apply for grants and funding
- It reflects what the community values — both what should stay the same and what may need attention or improvement

### About the survey

- Takes about 8–10 minutes to complete
- All responses are anonymous
- You may skip any question you prefer not to answer
- Open to anyone with a connection to Hardwick
- The survey is for planning purposes only and will not be used to make decisions about individual properties
- **The survey is open through June 5, 2026**

### What happens next

- Responses will be summarized and shared publicly
- The results will help inform the update of Hardwick’s Municipal Plan
- There will be additional opportunities for public input as the Plan moves forward

If you need a paper copy of the survey or assistance completing it, please contact the Town Office.

Whether Hardwick has been your home for generations or you’ve found it more recently, your perspective matters. Thank you for taking the time to participate and help shape Hardwick’s future.
